

Our sheets are available in a wide array of sizes/thicknesses

Sheets

- Our most common, high volume production sheet size is a precision cast 24"x 144". Because of our unique and high volume production set-up with several PRECISION CAST MOLDS to produce a number of sheets, we can offer a very competitive pricing on precision cast sheet sizes of 24"x 144" or fractions of this size sheets.
- We have the largest open cast sheet mold in the business, that can make any thickness sheets up to 48"x 24' long
- A number of precision cast sheet molds of sizes 48"x 48", 36"x 36", 24"x 48", 24"x 24" are available to produce sheets in any thickness, or durometer.
- Our ULTRA-PRECISION sheet molds can produce sheets of 24"x 24" in any thickness with a tolerance of + 0.002"
